Picture the psychedelic sounds of the Beach Boys mixed with the acoustic rock of Pete Seeger and you have **Martin Hagfors**. The American-born folk rocker gained a lot of success in his home of Norway

and has worked with many of the country's top musicians on his debut album, *Men And Flies*. He combines horns, strings and trippy guitar to push his politically influenced lyrics. You can catch Martin Hagfors on **Feb. 25** at **The Living Room**. martinhagfors.com.
